

YARRA VALLEY ARTS / YERING STATION SCULPTURE EXHIBITION & AWARDS 2019 13 October – 8 December

The Yarra Valley Arts / Yering Station Sculpture Exhibition & Awards is a collaborative event hosted by Yering Station, a premier winery in the Yarra Valley region of Victoria with an arts program encompassing painting, photography and sculpture, and Yarra Valley Arts, a not for profit organization dedicated to enhancing the cultural lives of Yarra Valley residents and visitors.

Respected for its consistency and longevity, the exhibition showcases a cross section of contemporary Australian sculptural practice from both established and emerging artists. Having grown steadily since 2001, it is now the longest running annual sculpture exhibition in Victoria and an iconic event on the Australian arts calendar.

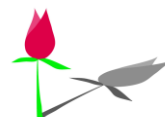

Staged across dramatic landscaped gardens designed by Michael McCoy, the exhibition provides ample opportunities for the installation of outdoor sculpture, while the long indoor corridors and breezeways offer indoor and sheltered spaces. Finalists are encouraged to select a site which best presents their work.

Dr Ewen Jarvis, Curator of the Yering Station Art Gallery and the annual Yarra Valley Arts / Yering Station Sculpture Exhibition & Awards, is a writer with both academic and arts administration experience.

The sculpture exhibition takes a 30% commission on art sales, 20% of which is donated to Yering Station's preferred charity LARCH (Leukaemia Auxiliary of the Royal Children's Hospital), while 10% is donated to Yarra Valley Arts towards the provision and promotion of arts events across the region.

The sculpture exhibition is supported by long term sponsors who share the vision and aims of the exhibition: to foster the growth of contemporary Australian sculpture. Principal Sponsor Arnold Bloch Leibler – lawyers and advisors, Yarra Ranges Council, Workforce Extensions, and RACV have been particularly strong in their support of the exhibition.

We are also supported by a substantial list of current and former judges and mentors in the arts community who have been part of our selection panel and assist us in continually growing the exhibition's profile.
